(INDIVIDUAL PERSONAL INJURY CASES)

(ARTHUR M. RECHT, JUDGE)

ORDER

On June 21, 2012, pursuant to a directive of the court came the parties, by counsel, for a telephonic conference to address pending issues.

The court and liaison counsel will meet with the circuit clerk of Kanawha County on July 11, 2012 to discuss the protocol of jury summoning and the providing of questionnaires as well as the securing a court room facility for the trial herein.

The court and all parties agreed to a trial date of April 15, 2013 in Kanawha County. The dates and deadlines for the various actions to be taken pre-trial shall be the subject consultation between the parties and submission to the court.

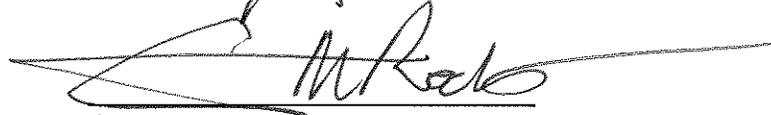

The issue of a duty for non-party participants in discovery to supplement their testimony was addressed, and, with accord by all parties, the court ORDERS that all non-parties shall have the same duty to supplement responses to discovery as parties under Rules of Civil Procedure (R. C. P.) 26 (e), and that any such non-party be informed of this duty to supplement at the time any such discovery is accomplished.

From the prior hearing held June 7, 2012, the parties were directed to submit to the court any claim or defense believed to be frivolous as contemplated by R. C. P. 16 (c) (1) together with the foundation for such a characterization. The court ORDERS that the date for such submission is extended to July 31, 2012.

All of which is ordered nunc pro tunc as of June 11, 2012.
