

West Virginia Board of Law Examiners

MBE Transfer Certification Request

*This form is required to transfer a Multistate Bar Examination score into West Virginia.
It must be received with the completed bar exam application by the application deadline.*

The transferred MBE score must have been achieved on an exam that you successfully completed/passed within 13 months of the exam you are taking in West Virginia. You must have completed the entire exam at the time the MBE score was attained (a passing score banked over multiple administrations is not acceptable), and you may not transfer an MBE score if you previously sat for the West Virginia Bar Examination. **If you use a transferred MBE score you will not receive a Uniform Bar Examination (UBE) score, and a successful bar exam score will be valid only for admission in West Virginia.**

If you are transferring a score from a jurisdiction that uses the score reporting services of the National Conference of Bar Examiners (NCBE), you must follow the NCBE's instructions to request an MBE Score Transfer at www.ncbex.org. If you are transferring a score from a jurisdiction that handles its own score transfers, follow the instructions as outlined by that jurisdiction.

The deadline for receipt of a transferred MBE score for use on the February bar examination is January 1. The deadline for receipt of a transferred MBE score for use on the July bar examination is June 1. It is your responsibility to contact the other jurisdiction or NCBE to request that the score transfer arrive in the WVBLE office by the deadline.

After you have requested transfer of your MBE score as directed above, complete the following information and include this completed document with your application to be received in the WVBLE office by the application deadline.
